

# **Catonsville Homes – Certified Master Builder**

**Celebrating its 20<sup>th</sup> year in homebuilding, Catonsville Homes is honored to announce it has met the requirements of the Certified Master Builder Program of The Home Builders Association of Maryland. “We are proud of our Master Builder Certification” says Frank Potepan, founding partner of Catonsville Homes. The program was developed as a means for builders to establish their company as one that meets the highest standards in the industry.**

**Building in Howard and Carroll counties, Catonsville Homes has built quality homes in some of Maryland’s most beautiful communities. Attention to detail and commitment to customer satisfaction has garnered them numerous awards from the Homebuilders Association of Maryland.**

**Catonsville Homes continues to build a reputation based on exceptional quality construction and a superior level of personal service for its clients. The companies 20 years of experience and service in homebuilding as well as the professionalism and integrity of its employees exemplifies the criteria used for the membership into the Certified Master Builders Program.**

**Catonsville Homes is currently building in the following ideally located communities: The Woodlands at Nottingham located in Mt. Airy in Carroll County offering two-story traditional homes on up to one half acre home-sites and Avonshire Woods in Eldersburg in Carroll County offering estate homes on two plus acre home sites.**
